

IF YOU CAN DRAW IT, WE CAN CREATE IT!

ANALYTICAL REFERENCE STANDARDS FOR YOUR INTERNAL LABORATORY

UNIPEX is developing, for its customers, a new activity: distribution of Analytical Reference Standards for:

- API
- Impurities
- Isotopic molecules

This activity is growing with the strong partnership of the international laboratory Clearsynth, specialized in the synthesis of these products.

Main certifications :

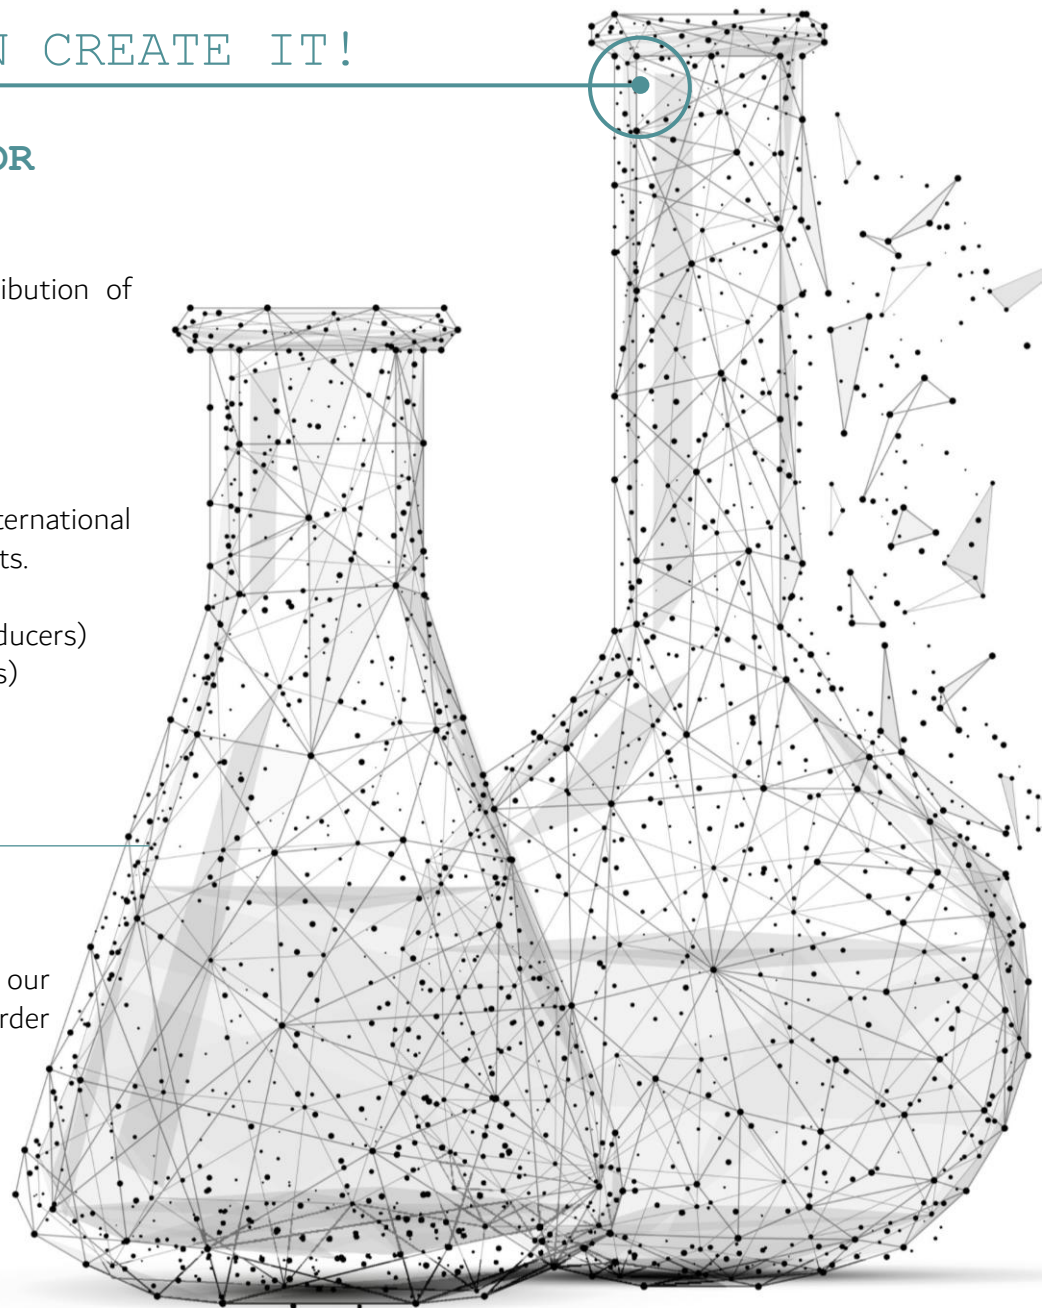

- ISO 17 034: 2016 (Analytical Reference Material Producers)
- ISO 17 025:2017 (Testing and calibration laboratories)

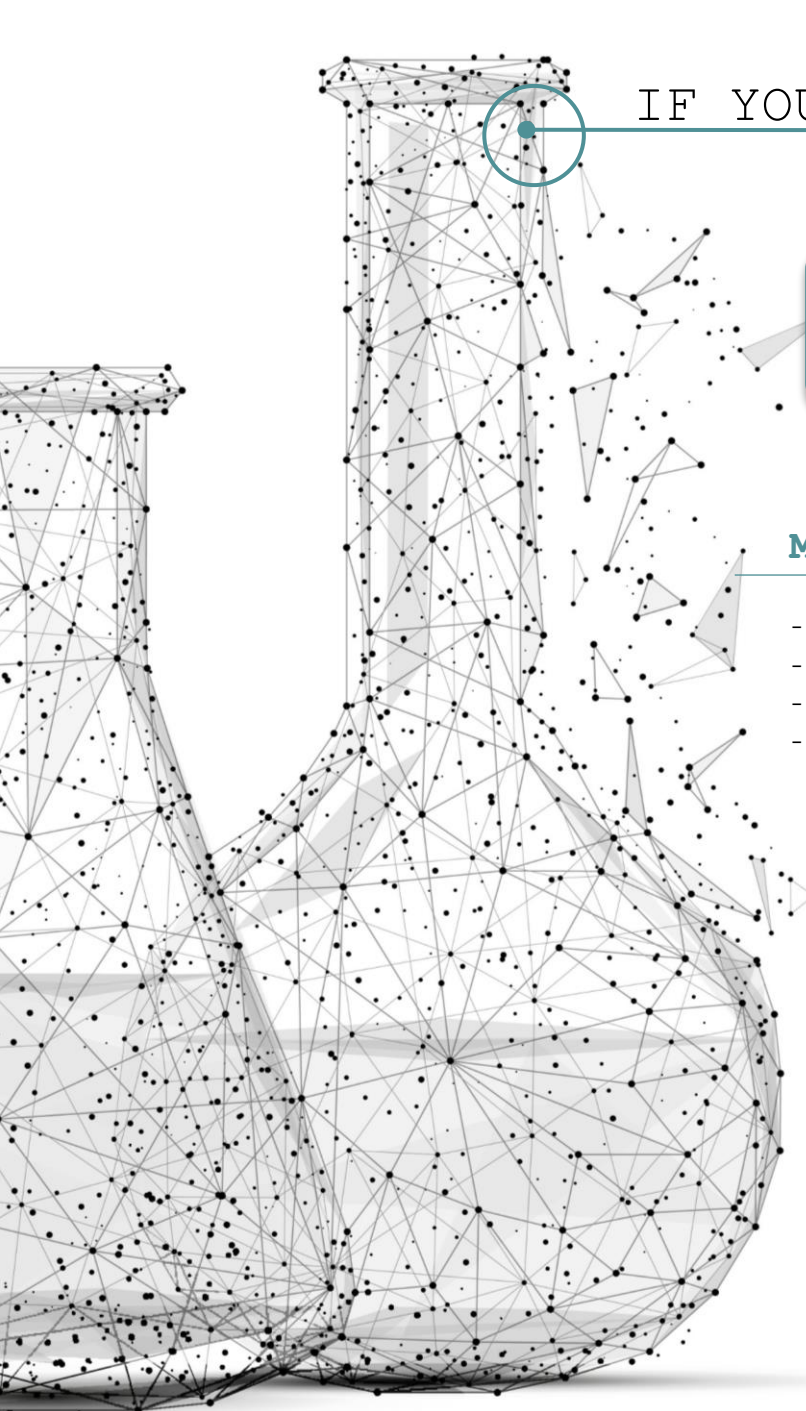

This new partner perfectly meets our quality requirements.

PRODUCT CATALOGUE

The entire catalog of our partner can be [accessed here](#).

From February 2021, you will be able to access our e-shop via our website www.unipex.com to consult the catalog and place an order online.

IF YOU CAN DRAW IT, WE CAN CREATE IT!
